DEAR CLIENT,

Managing properties can be a real balancing act. You want to offer the best experience possible to your clients, avoid unexpected problems, and save money.

TyDy Clean Services Inc. already has a reputation for quality service and well-maintained buildings. Because success is not just about getting clients but keeping them, we at TyDy Clean Services Inc. believe we can be the best choice for your businesses, offices, and renters.

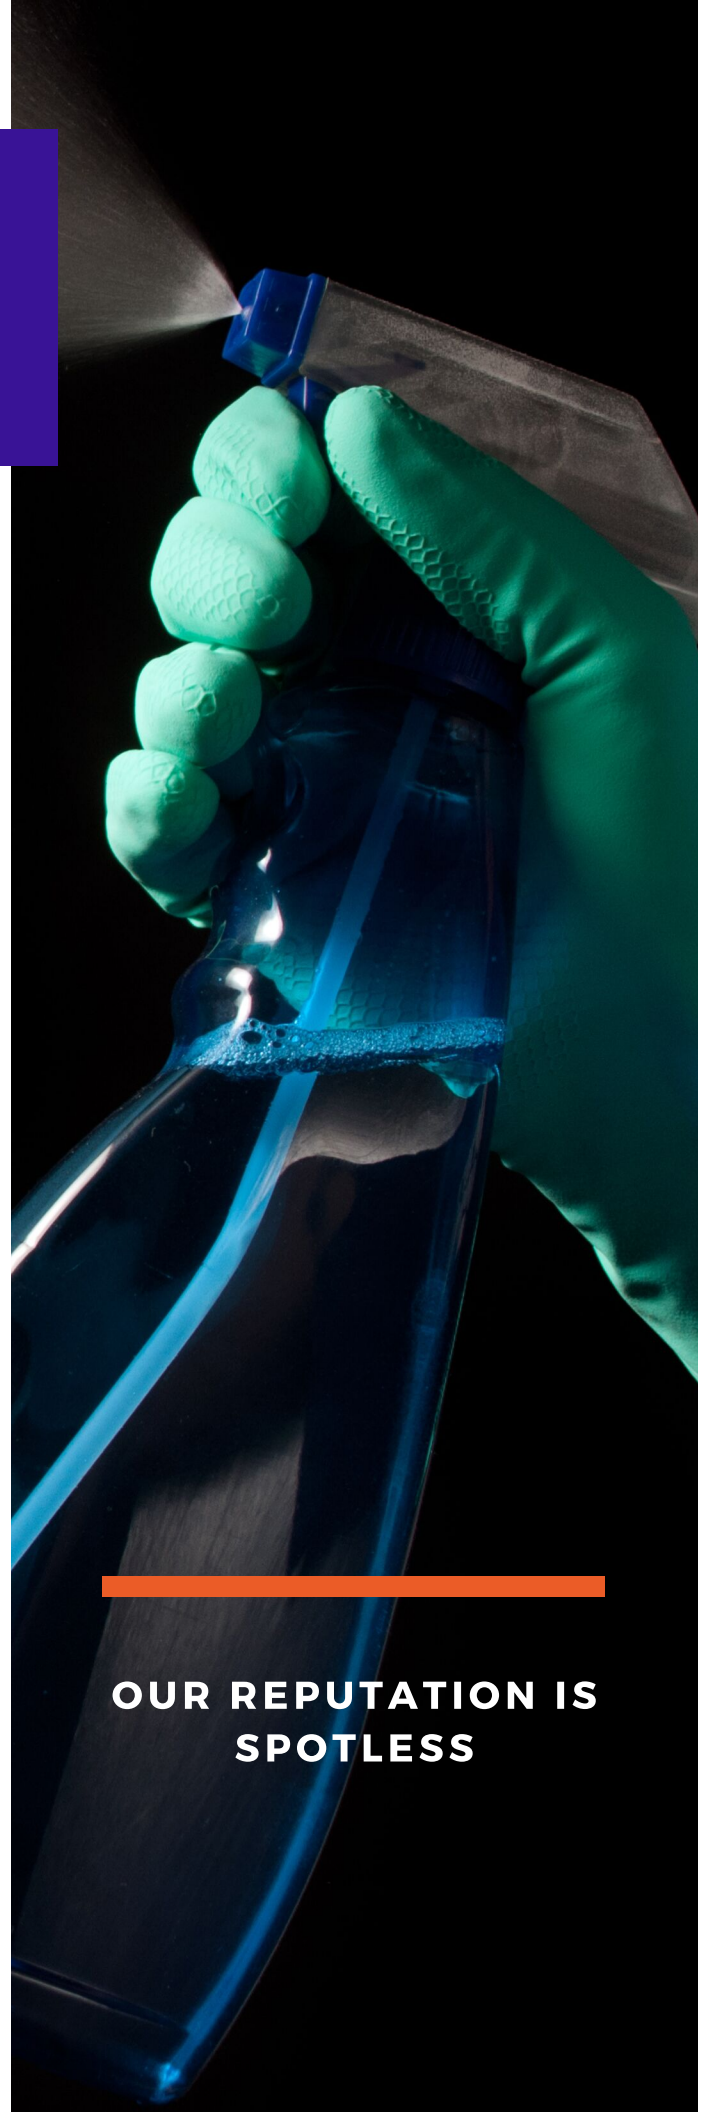

The business case for clean and sanitary buildings is obvious. Your customers and tenants never have to think or complain about the condition of their premises, and you never have to wonder or worry about whether washrooms are hygienic, or garbage cans are emptied. It just gets done.

In other words, when it comes to janitorial services, no news is good news. At TyDy Clean Services Inc., we don't just maintain basic standards -we go above and beyond.

We look forward to partnering with you to enhance your already outstanding reputation.

Leave the dirty work to us,

Shanna Newton- Williams
Managing Director

ABOUT US

TyDy Clean Services Inc. offers a full range of cleaning services to suit any business and any budget. From light office cleaning to deep institutional cleaning, our highly trained staff will ensure your environment is pleasant, safe, and healthy.

OUR CLEANING PHILOSOPHY

We believe a clean working and living environment is a healthy working and living environment. Our systematic approach to establishing and maintaining the highest standards of cleanliness means you can focus on your work and your customers. Quality control is very important to us. Over our many years in the business, we've developed a foolproof system of weekly, monthly, and yearly janitorial maintenance that guarantees results.

OUR PEOPLE

Each member of the TyDy Clean Services Inc. team is carefully screened. We hire only the most conscientious and professional candidates. Each cleaner is thoroughly trained in our systems, products, and equipment, and is bonded and insured.

GETTING STARTED

1

CONSULTATION

Our team of cleaning professionals will visit your sites to determine the current state of cleanliness. Based on a ten-point checklist, they create a deep cleaning plan to establish a baseline for future maintenance. They also outline the daily, weekly, and monthly maintenance routine for the upcoming year.

2

DEEP CLEANING

The deep clean is the first step in establishing a routine of daily, weekly, monthly, and yearly maintenance. It sets the stage for maintaining the sanitation of your buildings and properties over the long term. Depending on how your properties are used, we'll schedule additional deep cleans quarterly, biannually, or yearly.

3

MAINTENANCE

Your customized janitorial maintenance plan begins right away. Supervisors continuously monitor our cleaning teams to ensure the plan continues to meet your needs and modify the plan to accommodate changes to building demands and use.
